

## REQUEST FOR INFORMATION (RFI)

HAF/A2, Intelligence Surveillance & Reconnaissance (ISR) Training Modernization

**Request For Information (RFI) Only.** This RFI is issued solely for information and planning purposes. It does not constitute as a Request for Quote (RFQ), Request for Proposal (RFP) or a promise to issue an RFQ or RFP in the future. This request for information does not commit the Government to contract for any supply or service whatsoever. Further, the Government is not, at this time, seeking proposals and will not accept unsolicited proposals. The RFI respondents are advised the Government will not pay for any information or costs incurred in response to this RFI; all costs associated with responding to this RFI will be solely at the interested party's expense. Not responding to this RFI does not preclude participation in any future RFP, if any is issued. The Government is conducting Market Research and seeking responses to the questions provided below.

Please submit all responses to Chris Mital [christopher.mital@us.af.mil](mailto:christopher.mital@us.af.mil) and David Wilson [David.Wilson.160@us.af.mil](mailto:David.Wilson.160@us.af.mil) No Later Than (NLT) Tuesday, January 31st 2023 at 2:00 PM EST.

The USAF ISR Talent Management Division (HAF A2/6FD) is seeking information on how many interested and qualified program management service providers could support an initiative to modernize ISR training across the officer and enlisted force. This is expected to be a multi-year effort, ranging from 3-5 years, that will look at initial skills, intermediate, and advanced ISR training provided by multiple Major Commands and locations with the intent of creating a logical, effective, and sustainable continuum of learning.

1. Is your company interested in submitting a proposal if the Air Force District of Washington (AFDW/PK) releases a solicitation?
2. Is your company able to manage a large project to modernize and provide streamlined course offerings and content to create efficient delivery of realistic multi-domain training environments?
3. Does your company have the ability to develop and track Plans of Action and Milestones to improve tradecraft to expose ISR Airmen to foundational tools, cutting-edge technology, new information sources, and ensure they gain basic understanding of data constructs, methods, and analytic techniques.
4. Does your company have the capability to document activities and progress of enhancing threat knowledge to promote understanding of competitors' capabilities, intentions, and cognitive behavior, in order to provide timely and relevant analysis to decisionmakers.
5. Does your company have experience coordinating with stakeholders to increase/ improve teaming across ISR career fields, Information Warfare specialties, and operational components in training, exercises, and collaborative environments to deliver integrated effects.
6. Does your company have a relevant NASA SEWP contract? If so, what is the contract number?
7. Does your company have a pertinent GSA schedule contract? If so, what is the contract number?

8. Does your company have a contract with a federal agency for the same or similar services? If so, what is the contract number and agency name.
9. What is the Size of your company (to include socio-economic status – i.e., Woman Owned Small Business, Service-Disabled Veteran Owned Small Business, etc.)?
10. If your company is registered in the System for Award Management (SAM), provide the socio-economic status found in SAM.
11. Has your company provided similar or same services previously to the federal government? If so, are you able to provide the federal contract number and/or order number?
12. Are there any other industry or commercial terms and conditions you would like the government to consider for this procurement?

The estimated Period of Performance will be from the anticipated date of award, March 2023 through March 2028 (a base plus four option years). It is anticipated this effort will require TS/SCI access.

With your submission, please provide your company information; to include name, mailing address, overnight delivery address (if different from mailing address), phone number, and e-mail of designated point of contact.

This RFI is only intended for the Government to identify sources that can provide program management services to support a new initiative to modernize ISR training across the officer and enlisted force. The information provided in this RFI is subject to change and is not binding to the Government. The Government has not made a commitment to procure any of the RFI requirements discussed, and release of this RFI should not be construed as such a commitment or as authorization to incur cost for which reimbursement would be required or sought. All submissions become Government property and will not be returned.
