## **52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)**

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees if the acquisition—

(1) Is set aside for small business and has a value above the simplified acquisition threshold;

(2) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(3) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at Federal Acquisition Regulation (FAR) 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with FAR subpart 4.10), or alternative commercial products or commercial services for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2) (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may

not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) *Availability of requirements documents cited in the solicitation.*

(1) (i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to-

(4) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication, or maintenance.

(j) *Unique entity identifier.* (Applies to all offers that exceed the micro-purchase threshold, and offers at or below the micro-purchase threshold if the solicitation requires the Contractor to be registered in the System for Award Management (SAM).) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address. The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see FAR subpart 32.11) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at [www.sam.gov](http://www.sam.gov) for unique entity

Addendum to FAR 52.212-1, Instructions to Offerors—Commercial Products and Commercial Services

The following is inserted as new paragraph (m) of the provision:

(m) QUOTER INSTRUCTIONS

The Government intends to award a firm-fixed-price (FFP) contract resulting from this RFQ to the responsible Quoter, whose quote conforms to the solicitation and is the most advantageous (best value) to the Government, price and other factors considered as defined in the EVALUATION FACTORS FOR AWARD section below. The Government will review the quotes received to determine if they are compliant with the RFQ requirements. A compliant quote is one that meets all of the terms, conditions, and specifications in the RFQ. The Quoter must provide all documents listed and comply with all RFQ instructions in order for their quote to be considered "compliant" with this RFQ. Only compliant quotes will be evaluated for award.

All questions regarding the RFQ, of a contractual or technical nature, must be submitted electronically by email to [ronald.c.silver3.civ@health.mil](mailto:ronald.c.silver3.civ@health.mil) no later than 12:01 pm Pacific Time on 01 February 2023. Questions submitted after the specified date and time may not receive a response. Questions, along with the Government's responses, will be posted as an attachment to the RFQ. Please be advised that the Government reserves the right to transmit those questions and answers of a common interest to all prospective Quoters.

Electronic Submission of Quotes: Electronic Submission of Quotes: Quotations shall be submitted electronically by email to **Ronald.c.silver3.civ@health.mil**. Quotations must be received by **12:01pm**

**PDT on 02/03/2023.** Email submissions are limited to 2MB. The submitter should confirm receipt of email submissions.

All quotes shall include price(s), FOB point, a point of contact, name and phone number, GSA contract number if applicable, business size, cage code, and payment terms. Each response must clearly indicate the capability of the Quoter to meet all specifications and requirements.

Quoters are instructed to electronically submit their complete quotation in one (1) single file, formatted in Portable Document Format (PDF) with a .pdf file extension as follows:

**- FACTOR 1: Technical Capability:**

The Quoter shall submit a capabilities statement, not to exceed two (2) pages, demonstrating the Quoter's technical capability to perform the required services in accordance with the Performance Work Statement (PWS).

**- FACTOR 2: Past Performance:**

The Quoter shall use Attachment 1 (Past Performance Questionnaire) to provide completed references for two (2) projects where you have provided RECENT and RELEVANT performance of the same or similar services required in this solicitation within the past three (3) years from the date of issuance of this RFQ. Past performance will be evaluated based on information from references provided and from authorized Government past performance systems and resources, including the Contractor Performance Assessment Rating System (CPARS).

RECENT is defined as services performed within the past three (3) years from the date of issuance of this RFQ. RELEVANT is defined as services the same as or similar to the services specified in the PWS. Past performance information not meeting the above criteria will not be used for evaluation.

**- FACTOR 3: Price:**

The Quoter shall use Attachment 2 (Quote Sheet) to submit a firm-fixed-price for all contract line item numbers (CLINs) identified. Attachment 1 (Quote Sheet) shall be completed and signed, with acknowledgment of all amendments to the solicitation. No attempt to reformat or remove cells is authorized. Submission of pricing data shall be complete and accurate. Incomplete pricing may result in a Quoter's quotation being deemed ineligible for award.

**- Completed Provisions:**

Quoters shall be registered in the System for Award Management (SAM) with the appropriate NAICS code and completed representations and certifications and shall not have any active exclusions listed within SAM. Additionally, the Quoter shall include one (1) copy of the following FAR provision(s) located within this RFQ that shall be completed and included with the quote:

52.204-24      Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment

**LATE SUBMISSIONS MAY NOT BE CONSIDERED.**

It is a Quoter's responsibility, when transmitting its quote electronically, to ensure the quote's timely delivery by transmitting the quote sufficiently in advance of the time set for receipt of quotes to allow for timely receipt by the Government no later than the date and time stated in this RFQ. Quoters shall allow

adequate time to upload files, which may be slower for non-DoD users, and to avoid other technical difficulties that may be encountered. A Quoter risks the late receipt and rejection of a quote where it delays transmitting its quote until the last few minutes before the time set for receipt of quotes. Quotes that are received after the date and time stated in this RFQ will not be considered except at the discretion of the Contracting Officer; the Contracting Officer reserves full discretion to accept any late quotes at any time prior to award if it serves the best interest of the Government.

Quoters are responsible for submitting their quote in the format specified, consistent with requirements stated elsewhere in this RFQ. Quoters are asked to submit only the information required. Files that cannot be opened or are otherwise missing the required content are the responsibility of the Quoters. Submissions that do not adhere to format and content requirements may be considered non-compliant. The Government reserves the right to eliminate any such quotes from consideration for award.

**Quotations must be received no later than 12:01 pm Pacific Time on 03 February 2023**

(End of provision)

## **52.212-2 EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)**

(a) The Government will award a contract resulting from this solicitation to the responsible quoter whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate quotes:

- (1) Technical Capability**
- (2) Past Performance**
- (3) Price**

Technical Capability will be rated on an Acceptable/Unacceptable basis, and Past Performance will be more important than Price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Addendum to FAR 52.212-2, Evaluation—Commercial Products and Commercial Services

The following is inserted as new paragraph (d) of the provision:

### **(d) EVALUATION FACTORS FOR AWARD**

Contract award shall be made on a "Past Performance Price Tradeoff" basis. This process allows for a tradeoff between past performance and price and allows the Government to accept other than the lowest

priced quote or other than the highest rated quote to achieve a best-value contract award. This may result in an award to a higher-rated, higher-priced quote if the Government determines that the past performance of the higher-priced quote outweighs the price difference. The selection process is subjective by nature and professional judgment is implicit throughout the tradeoff process.

The Quoter's technical capability will be evaluated to determine if it is acceptable or unacceptable in accordance with the evaluation criteria stated in this RFQ. If a Quoter's technical capability is determined to be unacceptable, the Quoter will no longer be considered for award. Award will be made to the Quoter providing a quote that is deemed most advantageous to the Government, whose technical capability has been determined to be "Acceptable" and trading off past performance against price. Past performance is more important than price.

The Government intends to award based on initial quotes. Notwithstanding this intent, the Contracting Officer reserves the right to conduct exchanges if it is within the best interest of the Government, a matter within their discretion.

### **FACTOR 1: TECHNICAL CAPABILITY:**

The Government will use the following ratings/descriptions in Table 1 when evaluating technical capability:

Table 1. Technical Capability Ratings

<b>Rating</b>	<b>Description</b>
Acceptable	Quote clearly demonstrates the Quoter's technical capability to perform the required services in accordance with the Performance Work Statement.
Unacceptable	Quote does not clearly demonstrate the Quoter's technical capability to perform the required services in accordance with the Performance Work Statement.

### **FACTOR 2: PAST PERFORMANCE:**

The Government will evaluate past performance by reviewing the Quoter's submitted past performance information and information from other sources that may include, but are not limited to, Government personnel and information retrieved through CPARS.

The past performance evaluation will result in an integrated assessment of the Quoter's probability of successfully performing the RFQ requirements. The past performance evaluation considers each Quoter's demonstrated recent and relevant record of performance in performing services the same as or similar to the services specified in the PWS. The Government will consider the recency and relevance of the information, the source of the information, context of the data, and general trends in the Quoter's performance. The past performance confidence assessment rating is based on the Quoter's overall record of recency, relevancy, and quality of performance. These are combined to establish one performance confidence assessment rating for each Quoter.

The Government will use the following relevancy definitions in Table 2 when determining relevant past performance:

Table 2. Relevancy

<b>Relevancy</b>	<b>Definition</b>
Relevant	Past performance effort involved performance of services the same as or similar to the services specified in the PWS
Not Relevant	Past performance effort involved little or no performance of services the same as or similar to the services specified in the PWS.

The Government will use the following ratings/descriptions in Table 3 when evaluating past performance:

Table 3. Performance Confidence Assessment Ratings

<b>Rating</b>	<b>Description</b>
Substantial Confidence	Based on the Quoter's recent/relevant performance record, the Government has a high expectation that the Quoter will successfully perform the required effort.
Satisfactory Confidence	Based on the Quoter's recent/relevant performance record, the Government has a reasonable expectation that the Quoter will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the Quoter's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The Quoter may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the Quoter's recent/relevant performance record, the Government has a low expectation that the Quoter will successfully perform the required effort.
No Confidence	Based on the Quoter's recent/relevant performance record, the Government has no expectation that the Quoter will be able to successfully perform the required effort.

### **FACTOR 3: PRICE:**

The Government will evaluate the quoted price for price reasonableness. The following price analysis techniques may be used to ensure a fair and reasonable price:

- Comparison of quoted prices received in response to the solicitation.
- Comparison of quoted prices with the independent Government estimate.
- Comparison of quoted prices with available historical information.

The quoted price will be evaluated for the entire effort, inclusive of all options. Evaluation of options shall not obligate the Government to exercise the option(s).

Price must be determined fair and reasonable in order to be eligible for award. A price is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person in the conduct of competitive business. A price that is found to be unreasonably high may be indicative of an inherent lack of understanding of the solicitation requirements and may result in the overall quote not being considered for award.
