Inventory of Government-Furnished Property

The Federal Government owns the improvements within all the developed recreation sites. Included in the following inventory are the description, quantity, and the estimated replacement cost of the applicable property.

Please note that it is the policy of the Forest Service (FSM 2330.5) to provide universally designed recreation sites, facilities and constructed features through the use of designs that accommodate most people, including people with disabilities, while maintaining the setting. For example, all picnic tables, fire rings, toilets structures, etc., that are purchased or constructed, are now to be accessible, so that any person can use those facilities, wherever they are located. Replacement costs use the cost of accessible items where applicable.

FOREST ORDER No. 19-22-02
FIRE RESTRICTIONS
USDA FOREST SERVICE
LAKE TAHOE BASIN MANAGEMENT UNIT

Pursuant to 16 U.S.C. § 551 and 36 C.F.R. § 261.50(a), and to provide for public safety and protect natural resources, the following acts are prohibited on National Forest System lands within the Lake Tahoe Basin Management Unit. This Order is effective June 30, 2022, through November 30, 2022.

1. Building, maintaining, attending, or using a fire, campfire, or stove fire, except:
 - a. fires fueled by charcoal briquettes, wood, and wood pellets (hard fuels) may be built, maintained, attended, and used within the developed recreation sites listed in Exhibit A; and
 - b. portable campfire pits, lanterns, or stoves that use gas, kerosene, jellied petroleum, or pressurized liquid fuel, with a shut-off valve, (gas stoves) may be used in the developed recreation sites listed in Exhibit B.
- 36 C.F.R. § 261.52(a).
2. Smoking, except within an enclosed vehicle, or while stopped in an area at least three feet in diameter that is barren or cleared of all flammable material. 36 C.F.R. § 261.52(d).
 3. Operating an internal combustion engine off paved, gravel, or dirt National Forest System roads and trails, except within the Sand Pit Off-Highway Vehicle Area and boats on a water surface. 36 C.F.R. § 261.52(h).
 4. Welding or operating an acetylene or other torch with open flame. 36 C.F.R. § 261.52(i).

Pursuant to 36 C.F.R. § 261.50(e), the following persons are exempt from this Order:

1. Any Federal, State, or local officer, or member of an organization rescue or fire-fighting force in the performance of an official duty.
2. Persons with a valid Wilderness Permit or a California Campfire Permit are not exempt from the prohibitions listed above. However, persons with a valid Wilderness Permit or a California Campfire Permit may use a portable campfire pit, lantern, or stove that uses gas, kerosene, jellied petroleum, or pressurized liquid fuel, with a shut-off valve (gas stoves), in any area at least five feet from any flammable materials.
3. Persons with a valid 2022 Forest Products Removal Permit (fuelwood permit) from the Lake Tahoe Basin Management Unit are not exempt from the prohibitions listed above but may operate an internal combustion engine off National Forest System roads and trails only to the extent necessary to cut fuelwood, provided the cutting of fuelwood is done in compliance with the terms of the permit.
4. Persons with a Forest Service non-special use written authorization to conduct non-recreational activities, such as harvesting timber or forest products, or grazing livestock, are exempt from Prohibition Nos. 3 and 4 while performing those activities in accordance with the written authorization.

Fire Restrictions

Pursuant to 16 U.S.C. § 551 and 36 C.F.R. § 261.50(a) and (b), and to provide for public safety and protect natural resources, the following acts are prohibited on National Forest System lands under my jurisdiction. This Order is effective from **June 24, 2022**, through **May 29, 2025**.

1. Using an explosive. 36 C.F.R. § 261.52(b).
2. Possessing any substance, material, or any combination of substances or materials, with the intent to make any destructive device or any explosive, within the State of California, without first obtaining a valid permit from the State of California to make that destructive device or explosive, in violation of California Penal Code 18720. 36 C.F.R. § 261.52(k).
3. Possessing, discharging or using any kind of firework or other pyrotechnic device. 36 C.F.R. § 261.52(f).
4. Operating or using any internal or external combustion engine without a spark arresting device that is properly installed, maintained and in effective working order in accordance with the U.S. Forest Service Standard 5100-1. 36 C.F.R. § 261.52(j).

Pursuant to 36 C.F.R. § 261.50(e), the following persons are exempt from this Order:

1. Any Federal, State, or local officer, or member of an organized rescue or fire-fighting force in the performance of an official duty.
2. Persons with a Forest Service Permit No. FS-7700-48 (Permit for Use of Roads, Trails, or Areas Restricted by Regulation or Order), specifically exempting them from this Order.
3. Persons with a Forest Service special use authorization or non-special use written authorization specifically authorizing the use of explosives are exempt from this Order to the extent necessary to conduct such activities in accordance with the terms of their permits.

These prohibitions are in addition to the general prohibitions contained in 36 C.F.R. Part 261, Subpart A.

A violation of these prohibitions is punishable by a fine of not more than \$5,000 for an individual or \$10,000 for an organization, or imprisonment for not more than 6 months, or both. 16 U.S.C. § 551 and 18 U.S.C. §§ 3559, 3571, and 3581.

Done at Vallejo, California, this 23rd day of June 2022.

3. If one to three other elements are rated “Unacceptable” the best possible overall rating is Below Expectations.
4. If three or more Critical Elements are rated “Below Expectations” or over four other elements are rated “Unacceptable” the best possible rating is Unacceptable.

Below Expectations: The permit holder is given notice regarding which element(s) justify the rating, and if performance in this element(s) is not improved prior to the next rating period, the Below Expectations rating shall be reduced to an Unacceptable rating.

Unacceptable: The permit holder is issued written notice of the Opportunity to Take Corrective Action as stipulated in Section V (C) of the Special-Use Permit. This is the required first step in suspension and/or revocation of use over all or portions of the permit area. In some instances, such as a lack of adequate insurance, safety issues, etc., suspension or revocation may take place immediately.

Law Enforcement at Concession Campgrounds

Forest Service Manual 2342.1 lists the Federal laws and regulations that allow occupancy and use of National Forest System lands by entities other than the FS. Clarification of this policy is provided below.

2342.1 - Exhibit 01

ROLES AND RESPONSIBILITIES

1. **Concessionaires.** In responding to violations of Federal, State, and local laws, ordinances, and regulations, concessionaires have the same authority as a private citizen. Concessionaires generally cannot enforce Federal, State, or local laws or regulations, including 36 CFR part 261, Prohibitions on National Forest System lands. Concessionaires should be knowledgeable of applicable Federal, State, and local laws and regulations, including 36 CFR part 261, and should report violations of these laws and regulations to the appropriate law enforcement authorities.

Concessionaires may enhance public safety at concession campgrounds in a number of ways. For example, they may hire a private security firm, hire off-duty State or local law enforcement personnel, or enter into a cooperative agreement with the county for additional patrols.

Under the terms of the campground concession permit, the authorized officer may allow or require a concessionaire to establish certain restrictions on conduct or rules of use. For instance, the concessionaire may establish a rule of use that limits the number of vehicles per campground site, establishes a limit on the length of stay, or prohibits washing food at a water hydrant. The rules of use may be incorporated into the concessionaire's operating plan, and the concessionaire may be held accountable for ensuring compliance under the terms of the special use permit.

Conduct that violates rules of use may also violate Federal, State, or local laws. When such conduct occurs, the concessionaire should report those violations to the appropriate law enforcement authority. For example, violation of a rule of use may constitute a disturbance of the peace in violation of State law or disorderly conduct in violation of Forest Service regulations at 36 CFR 261.4

To minimize confusion between criminally enforceable Federal, State, and local laws and concessionaire-established rules of use, each should be separately posted within the campground.

2. **State and Local Law Enforcement Agencies.** Generally, State and local law enforcement agencies have authority to enforce applicable State and local laws, ordinances, and regulations on National Forest System lands. Under 16 U.S.C. 480, States retain their civil and criminal jurisdiction over persons on the National Forests. Thus, crimes involving persons and their property are generally the primary responsibility of State and local law enforcement authorities.

Where a concessionaire has established rules of use, there is no authority for a State or local law enforcement agency to take enforcement action, unless the conduct giving rise to the violation of a rule of use also constitutes a violation of State or local law.

There is no authority for the Forest Service to allow State and local law enforcement personnel to enforce Federal laws and regulations, including 36 CFR part 261. Some conduct may be prosecuted under Federal or State law because the conduct violates both Federal and State law. However, State and local law enforcement officers may enforce only State and local law.

3. **Forest Service.** The Forest Service retains all its authorities and responsibilities for enforcing Federal laws and regulations relating to administration of National Forest System lands. The role and responsibilities of the Forest Service do not change simply because the Forest Service has issued a special use permit to a concessionaire. Forest Service personnel should continue to enforce all Federal laws and regulations relating to administration of National Forest System lands within concessionaire-operated campgrounds.

Forest Service personnel should not assume, however, that all laws and regulations applicable to facilities operated by the Forest Service are also applicable to sites operated by concessionaires. For example, as a matter of policy the Forest Service does not interpret failure to pay a camping fee charged by a concessionaire to be a violation of 36 CFR 261.15 because the camping fee charged by the concessionaire is not an admission or recreation use fee for a “site, facility, . . . or service furnished by the United States.” The agency construes “furnished by the United States” to mean “owned and operated” by the United States.” Therefore, the Forest Service would not cite someone for failure to pay a camping fee at a concession campground because the site is operated by a concessionaire, rather than the Forest Service, and the concessionaire, rather than the Forest Service, retains the campground fees.

The regulations at 36 CFR part 261, subpart A, apply at both Forest Service and concessionaire-operated campgrounds. In contrast, orders issued under 36 CFR part 261, subpart B, may or may not apply at concession campgrounds. A subpart B order must clearly state the area to which it applies. 36 CFR 261.50(c)(1). If the order is forest-wide, it applies to all campgrounds, including concession campgrounds, within the forest. Operating plans for concession campground permits should be consistent with any orders that apply. A concessionaire may not allow an activity prohibited by an order. However, a concessionaire’s rule of use may be stricter than an order.

The Regional Forester or Forest Supervisor may exempt concession campgrounds from an order and may want to exempt them to place more responsibility for the site on the concessionaire. Rules of use rather than the order would then govern. This approach is consistent with one of the purposes of the campground concession program, which is to reduce expenditure of limited Forest Service resources in administering developed recreation sites.

When issuing a subpart B order, the Regional Forester or Forest Supervisor should consider whether the order should apply at concession campgrounds.

2342.1 - Exhibit 01--Continued

If concession campgrounds are exempted from a subpart B order, the rules of use established by concessionaires may differ from the restrictions contained in the order that applies elsewhere. For example, the restriction established by an order on the number of vehicles allowed per campsite at a Forest Service-operated campground may differ from the same type of restriction adopted as a rule of use at a concession campground. Forest Service personnel should ensure that they enforce only those subpart B orders that apply to concession campgrounds.

36 CFR part 261, subpart C, regulations should be handled the same way as subpart B orders. Subpart C regulations are issued by the Chief or Regional Forester to prohibit acts or omissions in all or any part of an area over which the Chief or Regional Forester has jurisdiction.

Forest Service law enforcement personnel should cooperate with State and local law enforcement agencies to the extent authorized by Forest Service policy (FSM 5360) and State and Federal law, such as 16 U.S.C. 559g(c), which authorizes acceptance of a law enforcement designation from States, and 16 U.S.C. 553, which authorizes the Forest Service to aid in the enforcement of State laws in certain respects.

Prospectuses and permits for concession campgrounds should clearly describe the respective responsibilities of Forest Service law enforcement personnel, State and local law enforcement authorities, and concessionaires.

SUMMARY

Crimes involving persons and property are generally violations of State law. State and local law enforcement authorities have jurisdiction to enforce State laws at concession campgrounds. Forest Service personnel have the responsibility to enforce Federal laws and regulations relating to the administration of National Forest System lands.

Concessionaires may establish and enforce rules of use that are subordinate to Federal, State, and local laws and regulations. Rules of use are not enforceable by Federal, State, or local law enforcement authorities unless violations or rules of use constitute violations of Federal, State, or local laws.

Concessionaires should contact Federal, State, and local law enforcement authorities to address criminal violations under their respective jurisdictions. Concessionaires may also consider hiring a private security firm or contracting with off-duty State or local law enforcement personnel to address day-to-day public safety concerns at concession campgrounds.

Campground concession prospectuses and permits should clearly describe the respective responsibilities of Forest Service law enforcement personnel, local law enforcement authorities, and concessionaires. In order to minimize visitor confusion between criminally enforceable Federal, State, and local laws and concessionaire-established rules of use, each should be separately posted within a campground.
