SECTION B
SUPPLIES OR SERVICES AND PRICES/COSTS**

Quantity: The required quantity is not known at this time. The quantities reflected in the Schedule and Pricing Matrix represent the Government's Best Estimated Quantities (BEQs) based on the actual history and projected requirements. These BEQs do not represent a minimum or a maximum quantity. Failure of the Government to order the BEQ quantity shall not entitle the contractor to an equitable adjustment in price under the contract.

Note 1: The Government intends to award a single Indefinite Delivery/Requirements Contract for the supplies specified herein. The total period of performance for the Indefinite Delivery/Requirements Contract will not exceed five (5) years and the resultant contract will have one (1) five year ordering period.

Note 2: Pricing periods will be established under a "Pricing Matrix", included under Section J – List of Attachments, identifying kinds, quantities and unit prices for Contract Line Item Numbers (CLIN) 0001, and 0002 for the five year ordering period. CLINs within the solicitation may contain quantity ranges but are not limited to the quantity breakouts. Unit prices for quantity ranges should be established based on the "most economical range" falling in the particular quantity range and under the appropriate Pricing Period. The Pricing Matrix purpose is to be the Ordering Menu for all orders placed/issued over the life of the contract. **The contractor is encouraged to provide economic price breaks that are considered advantageous to both the contractor and the Government.**

Estimated contract value is determined based on the maximum quantity under each Pricing Period extended by the applicable unit price for that period as shown on the Pricing Matrix. For purposes of proposal submission and evaluation, supporting documentation will be provided for the BEQ of each Quantity Range for each Pricing Period and will follow the parameters set forth in FAR 15.4035(b)(1) unless stated to be otherwise made available upon request.

Estimated contract value is determined based on the maximum quantity under each Pricing Period extended by the applicable unit price for that period as shown on the Pricing Matrix, not total evaluated price or TEP (See Pricing Matrix).

Period of Contract Performance will begin upon date of basic contract award announcement. Specific dates shall be established subsequent to contract award.

Note 3: Transportation of items delivered hereunder shall be in accordance with DD Form 1653 attached to each delivery order issued hereunder.

Note 4: Items delivered hereunder shall be packaged in accordance with AFMC Form 158 attached to each delivery order issued hereunder.

PART II - CONTRACT CLAUSES
SECTION I
CONTRACT CLAUSES

5352.201-9101 **OMBUDSMAN** (OCT 2019)
(IAW AFFARS 5301.9103)

DLA OMBUDSMAN (MAR 2012)

(a) An ombudsman has been appointed to hear and facilitate the resolution of concerns from offerors, potential offerors, and others for this acquisition. When requested, the ombudsman will maintain strict confidentiality as to the source of the concern. The existence of the ombudsman does not affect the authority of the program manager, contracting officer, or source selection official. Further, the ombudsman does not participate in the evaluation of proposals, the source selection process, or the adjudication of protests or formal contract disputes. The ombudsman may refer the party to another official who can resolve the concern.

(b) Before consulting with an ombudsman, interested parties must first address their concerns, issues, disagreements, and/or recommendations to the contracting officer for resolution. Consulting an ombudsman does not alter or postpone the timelines for any other processes (e.g., agency level bid protests, GAO bid protests, requests for debriefings, employee-employer actions, contests of [OMB Circular A-76](#) competition performance decisions).

(c) The Competition Advocate (CA) at each contracting activity/office (as defined in DLAD 2.101) shall act as the ombudsman and attempt to resolve contractor complaints. DLA Aviation Warner Robins'ombudsman can be reached at: [478-926-5000](tel:478-926-5000), or email: franklin.holland@dla.mil, for actions prior to contract award. Complaints which cannot be so resolved shall be forwarded to the HQ through J-72 for resolution by the DLA competition advocate. Each activity is responsible for developing procedures for executing the duties and responsibilities of its local ombudsman.

(d) The ombudsman has no authority to render a decision that binds the agency.

(e) Do not contact the ombudsman to request copies of the solicitation, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the Contracting Officer.

52.209-1 QUALIFICATION REQUIREMENTS (FEB 1995)
 (IAW FAR 9.206-2)

(a) *Definition:* "Qualification Requirement," as used in this clause, means a Government requirement for testing or other quality assurance demonstration that must be completed before award.

(b) One or more qualification requirements apply to the supplies or services covered by this contract. For those supplies or services requiring qualification, whether the covered product or service is an end item, the product, manufacturer, or source must have demonstrated that it meets the standards prescribed for qualification before award of this contract. The product, manufacturer, or source must be qualified at the time of award whether or not the name of the product, manufacturer, or source is actually included on a qualified products list, qualified manufacturers list, or qualified bidders list. Offerors should contact the agency activity designated below to obtain all requirements that they or their products or services, or their subcontractors or their products or services, must satisfy to become qualified and to arrange for an opportunity to demonstrate their abilities to meet the standards specified for qualification.

Item No	Agency Name/Address
0001, 0002, 0003	– DLA/AWB

(c) If an offeror, manufacturer, source, product or service covered by a qualification requirement has already met the standards specified, the relevant information noted below should be provided.

Offeror's Name _____
 Manufacturer's Name _____
 Source's Name _____
 Item Name _____
 Service Identification _____
 Test Number _____ (to the extent known)

(d) Even though a product or service subject to a qualification requirement is not itself an end item under this contract, the product, manufacturer, or source must nevertheless be qualified at the time of award of this contract. This is necessary whether the Contractor or a subcontractor will ultimately provide the product or service in question. If, after award, the Contracting Officer discovers that an applicable qualification requirement was not in fact met at the time of award, the Contracting Officer may either terminate this contract for default or allow performance to continue if adequate consideration is offered and the action is determined to be otherwise in the Government's best interests.

(e) If an offeror, manufacturer, source, product, or service has met the qualification requirement but is not yet on a qualified products list, qualified manufacturers list, or qualified bidders list, the offeror must submit evidence of qualification prior to award of this contract. Unless determined to be in the Government's interest, award of this contract shall not be delayed to permit an offeror to submit evidence of qualification.

(f) Any change in location or ownership of the plant where a previously qualified product or service was manufactured or performed requires reevaluation of the qualification. Similarly, any change in location or ownership of a previously

qualified manufacturer or source requires reevaluation of the qualification. The reevaluation must be accomplished before the date of award.

(The above Clause/Provision has been modified.)
