

## Amendment 02

### REQUEST FOR INFORMATION (RFI) No. 1 FA9101-22-R-B001, Test Operations and Sustainment (TOS) II 15 March 2022

This amendment to RFI No. 1, FA9101-22-R-B001, is to provide additional information for Industry Day #1. This Industry Day is a virtual event and broken down into two parts: pre-recorded briefings and one-on-one teleconferences with the Government.

The pre-recorded general overview briefings of AEDC have been posted and are available for viewing at the links below. The briefings include four presentations:

- Presentation #1 – Introduction:
  - <https://www.dvidshub.net/video/834433/tos-ii-industry-day-1-presentation-1>
- Presentation #2 – Current Contract Structure:
  - <https://www.dvidshub.net/video/834442/tos-ii-industry-day-1-presentation-2>
- Presentation #3 – AEDC Topics of Interest Overview:
  - <https://www.dvidshub.net/video/834443/tos-ii-industry-day-1-presentation-3>
- Presentation #4 – Sources for Additional Information:
  - <https://www.dvidshub.net/video/834444/tos-ii-industry-day-1-presentation-4>
- PowerPoint slides for all four presentations are posted in the Competition Library:
  - <https://www.arnold.af.mil/Home/TOSII/IndustryDays/>

Details on how to schedule one-on-one teleconferences are provided in Presentation #4 – Sources for Additional Information. Requests to schedule a teleconference and submittal of written questions are due no later than 1000 CDT on 21 March 2022. Teleconferences will be scheduled for 20-minute sessions during the week of 28-31 March 2022. Government participants will include multi-functional team members. Along with the meeting request, please submit written questions and provide your contact/company information using the attached spreadsheet.

Please note that this will not be our only Industry Day associated with this source selection. There will be another Industry Day and one-on-one meetings this summer, and based upon recently released Air Force guidance, we plan to hold it in-person. By that time, we will have more information to share, including our Stakeholder feedback and feedback from this RFI and Industry Day #1. Barring any unforeseen circumstances, we eagerly anticipate holding Industry Day #2 in-person at Arnold AFB.
