(v) Schedule of Items/Price Schedule

Item	Supplies/Services	Qty	Unit of Issue	Unit Price	Total Price
0001	Installation of Law Enforcement aftermarket off-road modifications as per the Statement of Work.	1	EA		

(vi) Description of Requirement (including a list of any attachments)

This build must be done by a qualified and competent shop that has specifically modified jeeps for first responders or State & Federal off-road use. They also must be able to service and upfit emergency/first responder vehicles or off-road vehicles for government use out of the same shop. It is preferred that one or more of the employees have a degree in manufacturing technology, and that the shop not only sell parts but also offer fabrication as well. The place where work is to be done must not be a residence and must have a valid local municipality business license.

The business must have an active DUNS or UEI number. The business must have built a jeep for state or Federal use in the past.

The off-road modification build may follow or precede another build that will also be modifying the jeep. That build is the emergency lights & sirens build. Some items with the off-road modification build might have to be installed before or after and may require multiple trips to complete. This is a very fluid build and most items can be substituted or rearranged with the Contracting Officer's approval.

See Attachment 01 (Statement of Work) for details.

(viii) 52.212-1 Instructions to Offerors – Commercial Products and Commercial Services (NOV 2021) (Provision)

Addenda to provision 52.212-1:

Addenda to Provision 52.212-1:

For simplified acquisitions, the word quote or quoter is substituted in provision 52.212-1 for the word offer or offeror.

Addenda to Provision 52.212-1 paragraph (b) Submission of Offers:

1) Offerors must have an active entity registration in the System for Award Management in order to submit an offer. <https://www.sam.gov/SAM/>

2) Offers submitted in response to this solicitation shall include a technical approach, a price quote, and contractor representations and certifications.

a) Technical Approach – The technical approach shall address the evaluation factors in 52.212-2. At a minimum technical approach shall include:

i) Past Performance – provide a list of similar projects completed by your firm over the past three years. Include a brief description of the project, dollar amount, year completed, and project owner contact information (name, phone, and email). The government may use past performance information from any available source. If a company does not have past performance information available, information may be provided for predecessor companies, key personnel, or subcontractors. In the event that there is no past performance information available, the offeror will receive a neutral rating in this factor.

ii) Technical Capability – Provide a list of equipment and key personnel (with qualifications) that will be used to complete this project.

b) Price Quote – Include the following: 1) completed, signed SF-1449 from Section A of this solicitation, 2) Acknowledge any amendments issued on sam.gov for this solicitation by completing and signing the posted SF-30, and 3) Include the completed price schedule contained in paragraph (v) of this solicitation.

4) Address questions about this solicitation to Danielle Dawson at danielle.dawson@usda.gov AND to Casey Lowe at casey.lowe@usda.gov.

Addenda to Provision 52.212-1 paragraph (f) Late submissions:

Replace (f)(2)(i) with the following:

Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. Delete 52.212-1 (f)(2)(i) paragraphs A, B, & C.

(ix) 52.212-2 Evaluation – Commercial Products and Commercial Services (NOV 2021) (Provision)

- (a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers: (i) technical capability of the item offered to meet the Government requirement; (ii) price; (iii) past performance.

Technical and past performance, when combined, are more important than price.

- (b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

- (c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
