CLAUSES INCORPORATED BY FULL TEXT

52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees if the acquisition--

(1) Is set aside for small business and has a value above the simplified acquisition threshold;

(2) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(3) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at Federal Acquisition Regulation (FAR) 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with FAR subpart 4.10), or alternative commercial products or commercial services for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers:

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for

quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to--GSA Federal Supply Service Specifications Section, Suite 8100, 470 East L'Enfant Plaza, SW, Washington, DC 20407, Telephone (202) 619-8925, Facsimile (202) 619-8978.

Additional copies will be issued for a fee.

(4) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication, or maintenance.

(j) Unique entity identifier. (Applies to all offers that exceed the micro-purchase threshold, and offers at or below the micro-purchase threshold if the solicitation requires the Contractor to be registered in the System for Award Management (SAM).) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address. The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see FAR subpart 32.11) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for unique entity identifier establishment directly to obtain one. The Offeror should indicate that it is an offeror for a Government contract when contacting the entity designated at www.sam.gov for establishing the unique entity identifier.

(k) Reserved.

- (End of provision)

52.212-2 EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

- (1) Technical capability and capacity of the product offered to meet the Government requirement (acceptable or unacceptable).
- (2) No negative past performance information as identified in CPARS and FAPIIS for the last three years (Evaluated on Recency, Relevancy, Performance); Offerors with no past performance record in CPARS or FAPIIS shall be rated as neutral.
- (3) Price.

In the event of equal ratings among offerors, in regards to Technical Capability and Past Performance, the deciding factor for award will be price.

Technical and past performance, when combined, are somewhat more important than price.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (MAY 2022)

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

STATEMENT OF WORK

Statement of Work:

1.0 Acquisition Background and Objectives

1.0.1 Mission Statement.

1.0.2 Purpose of Acquisition. To ensure our pilots are trained in accordance with 11-2MC-12WV1 (ISG).

1.1 General Scope and Subject Matter. The 137 Special Operations Group at Will Rogers ANGB, Oklahoma City, OK needs a flight training program to teach initial and refresher instruction to pilots on the King Air 350, the civilian variant of our assigned MC-12W MDS. Additionally, we look to utilize the level D simulators with either a commercial instructor (Wet SIM), or our own instructor pilots (Dry SIM) to accomplish training requirements outside of the scope of the initial and refresher training courses. This document outlines the specific requirements that must be satisfied to fulfill our initial and refresher training requirements as well as wet and dry sim time.

2.0 Summary of Required Items. The Contractor shall provide expertise, labor, supervision, facilities, tools, equipment, materials, and incidentals to accomplish the following tasks:

2.1 The following list is the minimum qualifications required to provide during initial training:

2.1.1 Course must qualify rated military pilots to fly the Beechcraft King Air 350 with Proline 21 Avionics Suite.

2.2.2 Availability to receive a BE-300 type rating upon completion of training (if prerequisites are met) and the attending member opts to take the FAA check ride.

2.1.3 Allow pilots who meet the requirements of 14 CFR Part 61.155 through 61.159 to have Airline Transport Certificate Check administered during the initial training course, if requested.

2.1.4 Systems Integration training must be provided in either a simulator or GFS device.

2.1.5 10 hours of systems integration training.

2.1.6 Provide a Full color training manual.

2.1.7 Allow aircrews the flexibility to utilize our own checklists during training (MC- 12W).

2.1.8 Utilization of only Level D BE-300 Simulators for all flight training.

2.1.9 Desktop computers that feature aircraft interaction/simulation software during ground training.

2.1.10 Unusual attitude recovery consisting of combinations up to 60° Angle of Bank and 45° nose low or high attitude in VMC and IMC.

The following list is the minimum qualifications required to provide during Refresher training:

2.1.11 10 hours of Aircraft systems instruction

2.1.12 3 simulator sessions that allows each pilot 2 hours of primary flight control time per session. (4-hour sim for 2 pilots)

2.1.13 Simulator sessions shall review emergency and abnormal procedures as well as normal operations

2.1.14 Unusual attitude recovery consisting of combinations up to 60° Angle of Bank and 45° nose low or high attitude in VMC and IMC

2.1.15 Allow aircrews the flexibility to utilize our own checklists during training (MC-12W)

The following list is the minimum qualifications required to be provided during "WET SIM" training:

2.1.16 Access to a briefing room to review the profile that the students would like to perform with the instructor prior to entering the simulator

2.1.17 Flight instructor to operate the simulator; and validate completion of accomplished flying events.

2.1.18 Access to the King Air 350 Pro-Line 21 Simulator to conduct training of our pilots with the assistance of the commercial instructor. The student will determine what profile and events to accomplish during the simulator session.

The following list is the minimum qualifications required to be provided during "DRY SIM" training:

2.1.19 Provide required training to 137 SOG instructor pilots to be authorized to operate the simulators without a commercially provided instructor present.

2.1.20 Access to a briefing room prior to the simulator session for our instructor and students to review their profile to be flown in the simulator.

2.1.21 Access to the King Air 350 Pro-Line 21 Simulator to conduct training of our pilots with 137 SOG provided instructors, trained as stated in 2.1.19.

2.2 Contractor's Capabilities for Performance. The Contractor shall demonstrate and maintain the capability to create, conduct and support all requirements to execute initial and refresher training.

2.2.1 Qualified Staff. Knowledge, skills, experience of instructor(s) and staff shall be provided by the Contractor to provide training.

3.0 Other Conditions

3.1.0 In the event the Contractor is unable to fulfill requirements in a timely manner, the Government reserves the right to obtain training from another source. A pattern of continued inability to fulfill requirements may constitute the basis for considering remedies under Termination clauses or for not exercising an option period.

3.1.1 Contractor and Contractor's employees are prohibited from performing inherently

governmental functions IAW FAR PART 7.5 and the policies of Office of Federal Procurement Policy (OFPP) Policy Letter 92-1. Policies and procedures must be in place to ensure that inherently governmental functions are not performed by Contractors.

3.2 Contractor and Government Furnished Equipment

3.2.1 Government Furnished Information and Equipment. The OKANG shall provide information, personnel, and property, to include:

3.2.1.1 Individual trainee.

3.2.1.2 The OKANG shall specify the number of trainees for each delivery order

4.0 Place of Performance.

4.1 The place of performance will be identified in each Delivery Order.

4.2 Delivery or Performance-Period Requirements. The period of performance shall be two (2) years from the date of contract award. The contract issue date is projected to be on or around December 12, 2022. The duration of the period of performance is based on the need for continued training.

4.3 Minimum/Maximum Orders. Minimum Value of Orders for the ordering period shall be \$20,000.00. Maximum Order value for the ordering period shall be \$1,000,000.00.

5.0 Additional Acquisition Considerations

5.1 Contract Type. The type of contract will be an Indefinite-Delivery Indefinite- Quantity Contract which shall be employed by issuing a Delivery Order against the basic contract.

5.2 Contract Duration. The anticipated total duration of the contract will be an ordering period of two (2) years. This acquisition will improve the existing support of Simulator-related acquisitions. By placing a single, multiple use, multi-year contract for this highly specialized training, several cost benefits are to be realized. These include lowered contract administration costs (compared to multiple smaller contracts); more consistent and smoother planning, resourcing, and executing tasks; and the flexibility to utilize a Contractor's extensive specialized expertise on a delivery-order basis, as required for the mission.

5.3 CLIN Structure. Contract Line-Item Number (CLIN) structure may be revised in the contract award documents. This is an Indefinite-Delivery/Indefinite Quantity (ID/IQ) contract and the resulting Delivery Orders shall contain CLINs that are Firm-Fixed-Price (FFP) in accordance with Federal Acquisition Regulation (FAR) Part 16.

5.4 Modifications and Changes. Only the Contracting Officer executing these contracts and the Successor Contracting Officer has the authority to modify the terms and conditions of the resulting Contract and Delivery Orders.

5.5 Ordering Procedures. Training Events will be coordinated with 137th SOW personnel (i.e., 185th and FTU) to schedule dates for all training requirements. Prior to event scheduling, an official Delivery Order will be processed and placed by the 137th SOW Contracting Officer. **No class attendance shall be allowed without proper prior written approval by a Warranted Contracting Officer of the Oklahoma National Guard.** Once training is completed and conforming to the requirements stated in this contract, a combo invoice shall

be placed in WAWF by the vendor and accepted by the Government for EFT payment through DFAS. No cost shall be incurred for class cancellation if canceled by the vendor. The Government will incur no cost for cancellation up to 30 days of class start date.

6.0 Information Requirements

6.1 Management Information Requirements. The Contractor shall propose training management and control methods which meet the governments' need for documentation of each student's training completion, class dates and attendance, instructor, and training reference material versions used. The Contractor shall retain electronic copies of this information for the duration of the contract.

6.2 Requirements for Contractor Data. Data supporting course performance and student feedback will be required for instruction provided in support of the contract. Data related to evaluation efforts will be determined as part of the relevant evaluation effort or at the end of the Delivery Order period of performance.

6.3 Government-Furnished Information. The government may provide training documentation such as Mission Training Plans, Field Manuals, Technical Manuals, Air Crew Checklists and related information to the Contractor for assessment and integration into future refinements of courses. Note: Contractor access to sensitive materials may be required as part of the government-furnished information.

6.4 Contract Administration. The Oklahoma Air National Guard will be the procurement office in support of this contract. Inspection and acceptance of work performance will be enforced through existing methods for class instruction.
