(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

- (1)  Are,  are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2)  Have,  have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.* (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126)*. (iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

As prescribed in 12.301(c), the Contracting Officer may insert a provision substantially as follows:

Evaluation-Commercial Products and Commercial Services (Nov 2021)

Technical and past performance, when combined, are \_\_\_\_ [Contracting Officer state, in accordance with FAR 15.304, the relative importance of all other evaluation factors, when combined, when compared to price.]

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. (c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Addendum to FAR 52.212-2 -- Evaluation – Commercial Items

#### 1.0 Basis for Contract Award:

This acquisition will be conducted under the procedures of FAR Part 12 -- Commercial Items and FAR Part 13 -- Simplified Acquisition Procedures. This acquisition will utilize price as the only evaluated factor. Award will be made to the vendor with the lowest total evaluated price (TEP) and whose quotation conforms to the solicitation requirements (to include all stated terms, conditions, representations, and certifications). The Government intends to award without interchanges. However, the Government reserves the right to conduct interchanges if determined necessary by the Contracting Officer (ref. FAR 52.212-2 Addendum, section 1.3).

#### 1.1 Solicitation Requirements (Terms and Conditions)

Vendors are required to meet all solicitation requirements, such as terms and conditions, representations and certifications, Item Description requirements, in addition to the price factor. Failure to comply with the terms and conditions of the solicitation may result in the vendor being ineligible for award. Vendors must clearly identify any exception to the solicitation terms and conditions and must provide complete supporting rationale. The Government reserves the right to determine any such exceptions unacceptable, and the quotation, therefore, ineligible for award.

#### 1.2 Number of Contracts to be Awarded:

The Government intends to select one contractor for this acquisition. However, the Government reserves the right not to award a contract at all, depending on the quality of the quotation, prices submitted, and the availability of funds.

#### 1.3 Interchanges

In accordance with FAR 1.102-2(c)(3) the Government shall exercise discretion, use sound business judgement, and comply with applicable laws and regulations during the course of this acquisition. The Government intends to award without interchanges, but reserves the right to conduct interchanges if necessary. Therefore, it is imperative that vendors submit their best terms initially. If during the evaluation of quotations it is determined to be in the best interest of the Government to conduct interchanges, the Contracting Officer may conduct interchanges with one, some, or all vendors before issuing any purchase order.

Interchanges are information sharing between the Government and vendors after receipt of quotations which can be conducted to address any aspect of the quotation. Interchanges may be oral or written. Written interchanges take the form of Interchange Notices (IN)s. INs are used to accurately capture contemporaneous sharing of information. If interchanges are conducted, the Government may request final quotation revisions at the conclusion of interchanges.

#### 2.0 Evaluation Factor:

## 2.1. Factor 1 – Price

Price quotations will be evaluated as follows:

### 2.1.1 Completeness

Quotations will be reviewed for completeness. Incomplete quotes will be considered ineligible for award.

### 2.1.2 Price Reasonableness

The proposed prices will be evaluated for reasonableness. Reasonableness must represent a price to the Government a prudent person would pay in the conduct of competitive business. Normally, price reasonableness is established through adequate price competition, but may also be determined through price analysis techniques as described in FAR 13.106-3(a)(2).

### 2.1.3 Price Realism

The Government intends to determine price realism based on adequate price competition. In the event the Government cannot determine price realism based on adequate price competition, the Government reserves the right to conduct a more detailed price realism evaluation using one or more of the price analysis techniques described in FAR 13.106-3(a)(2). The Government may also use other evaluation techniques, as needed. To be realistic, the proposed price must demonstrate an adequate understanding of the requirement. Quoted prices that are determined to be unrealistically low due to an inadequate understanding of the requirement will make the quotation ineligible for award.

### 2.1.4 Unbalanced Pricing

Vendors' quotations will be reviewed for unbalanced pricing. The Government will evaluate any supporting information provided by the vendor explaining variances that appear unbalanced. Evaluated quotes that are determined to be unbalanced may be deemed ineligible for award by the Contracting Officer if a determination is made that lack of balance poses an unacceptable risk to the Government. Unbalanced pricing exists when, despite an acceptable total price, the price of one or more line items (including sub line items) is significantly over or understated as demonstrated by application of price analysis techniques, such that:

- a) There is reasonable doubt the quote would result in the lowest overall cost to the Government, even though it is the lowest priced quote; or
- b) The quote is so grossly unbalanced; its acceptance would be tantamount to allowing an advanced payment.

### 2.1.5 Total Evaluated Price (TEP)

The TEP will be calculated as the sum of the total proposed prices for all separately priced line items (including sub line items). The total proposed price for each separately priced line item shall be calculated as the proposed unit price multiplied by the corresponding quantity.

The TEP will be used for evaluation purposes only.

The TEP will be calculated as the sum of the vendor's proposed prices for the base period.
