## **E.5 ADDENDUM 52.212-2 EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)**

(a) The Government will award a contract resulting from this solicitation on the basis of the Lowest Priced Technically Acceptable (LPTA) responsible quoter whose quote, conforming to the solicitation, meets or exceeds the acceptable standards for non-cost factors. All quoters must have a current registration in the System for Award Management to be considered responsive.

Since this solicitation is Lowest Price Technically Acceptable (LPTA), the evaluation board will begin by reviewing the lowest priced quote. If the board determines that this quote is technically acceptable, no other quotes will be reviewed. This quote will have been deemed technically acceptable with the lowest price, so for this reason the award will be made based on FAR.

Please read each section below carefully for the submittals and information required as part of the evaluation. Failure to provide the requested information below shall result in the Contractor's quote technically unacceptable. In addition, the government intends to award without discussions. The government reserves the right to request clarifications.

(b) The following factors shall be used to evaluate offers:

1. Technical
2. Price

The Contractor shall be registered in [www.sam.gov](http://www.sam.gov) to receive government contractors to be considered for award.

### **1. Technical –**

#### **A. Contractor Qualifications:**

The Contractor shall be an approved and authorized vendor, authorized distributor by the Original Equipment Manufacturer (OEM) with authorization to distribute 7555DVS X-Ray Inspection System.

- The Contractor shall submit with technical quote an authorization letter as an approved and authorized vendor on OEM letterhead by the manufacturer as evidence of proof or submit other documents of valid purchase from the OEM to obtain supplies such that the OEM's warranty is provided and maintained by the

OEM with their technical quote by the close of the solicitation due date.

- Failure to submit proof of an authorization letter or other documents of valid purchase on OEM letterhead by the manufacturer with their technical quote shall result in the technical quote as technically unacceptable.
- Offeror(s) must return provision 52.204-24 with their technical quote.
- Offeror(s) must return provision 52.212-3 with their technical quote. Offeror(s) may either (1) complete all relevant portions of the provision or (2) complete paragraph (b) of the provision and indicate that it has completed official representations and certifications online at <https://sam.gov>
- Offeror(s) acknowledgement of Solicitation Amendments.
- Offeror(s) shall include supplier place of manufacture with their technical quote (include US city, state and ZIP+4; or foreign country)

Failure to provide this information may render your quote technically unacceptable.

**2. Price** – All line items listed in Section B.2 Price/Cost schedule must include a price. The total evaluated price will consist of the offeror's total proposed price in Section B.2 Price/Cost Schedule. The government may determine that an offer is unacceptable if the prices are significantly unbalanced.

(b) *Deleted.*

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104–5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).*

(1) *Listed end products.*

Listed end product	Listed countries of origin

(2) *Certification. [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]*

[ ] (i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

[ ] (ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.
