

SECTION D

PACKAGING AND MARKING

1. PACKAGING AND MARKING

The Contractor shall provide export packaging and packing to the degree specified in the contract award which adequately protects the items referenced in Section B Price List from damage during transit to the end user. The levels of packaging and packing are based upon the furniture industry's commercial practices for shipments within the continental United States or export packaging and packing for shipment to overseas locations. See Section C, Statement of Work, Paragraph 5G, for overseas shipment requirements.
