## **FY2026 Mid-Year Subcontract Plan Reporting Extension**

May 8, 2026

To: Federal Agencies and Federal Contractors with Subcontracting Plans

Subject: Fiscal Year 2026 (FY26) Mid-Year Subcontracting Plan Reporting Extension

On February 24, 2026, subcontracting plan reporting transitioned from eSRS.gov to SAM.gov. This change occurred just before mid-year subcontracting plan reporting for companies with individual Subcontracting Plans. Reports for the period ending March 31, 2026, are due by May 15, 2026.

Currently, GSA is working to issue some system modifications that are preventing contractors with individual subcontracting plans from being able to submit reports in a timely manner. Thus, SBA is providing an extension of thirty calendar days to the submission due date for the FY26 mid-year Individual Subcontracting Reports (ISRs).

With this extension, ISRs due date will be June 14, 2026.

If you should have any questions, please contact SBA's Subcontracting Program staff at [subcontracting@sba.gov](mailto:subcontracting@sba.gov).

Sincerely,

Larry Stubblefield  
Deputy Associate Administrator  
Office of Government Contracting and Business Development
